Faster And Better Reading

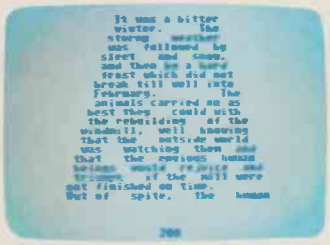
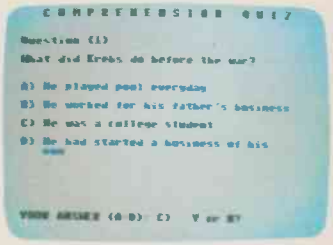
Reading with speed as well as comprehension is important in today's world. Students need to keep up with coursework. Professionals must stay knowledgeable in their field.

Keeping up with everchanging events requires constant reading. The READING PROFESSOR can help increase your reading speed while improving your comprehension.



Increase the amount of information you read in one focus of your eyes with the Scales exercise.

Increase peripheral vision with the Ladders exercise.



Test your comprehension at the end of each lesson.

Main Features of Reading Professor:

- Ten twenty-minute lessons give information and practice which increase reading speed and comprehension.
- Automatic upgrading of lesson speed.
- Seven proven exercises which can be practiced independently of the lessons: Timed Reading, Scales, Phrases, Tachistoscope, Ladders, Stretching, and Depths.
- Immediate feedback after lessons and exercises.
- Choice of reading passages during exercises.
- Three libraries — high school, college and adult, and professional — each with 32 interesting passages from a variety of sources.
- Individual profile report that automatically keeps track of your progress.

Required Hardware: Commodore 64 computer, Commodore disk drive.

...With Commodore magazines.

And save 20% off the regular newsstand price.

When you subscribe to *Commodore Power/Play* and *Commodore Microcomputer* magazines you're on your way to realizing the full power and potential of your new Commodore computer.

Every month you'll find new ways to use and enjoy your computer. You'll get the first word on new software and hardware. Learn programming techniques for both beginners and more advanced users. Get the low-down on the best software and hardware for you through in-depth product reviews. See the latest games. Examine the newest education and applications programs. Visit other users who have discovered new and interesting ways to use their Commodore computers.

You'll find practical articles on linking up with user groups in your area, telecommunications and using on-line services such as CompuServe, computer music and art, and much, much more.

In addition, every issue contains programs you can type in yourself and use right away. There's entertainment and games or practical household and business applications programs in each issue!

Commodore magazines are the perfect way to get the most out of your new Commodore computer. And if you take advantage of this special offer — only for new owners — you can save as much as 20% off the regular newsstand price!

Subscribe now and get the most out of your Commodore computer. And save as much as 20%!

A SPECIAL OFFER FOR NEW OWNERS!

Get the most out of your Commodore computer.

THE COMMODORE INFORMATION NETWORK (CIN) YOUR LINK TO THE INFORMATION AGE!

Make the connection! Become a member of the Commodore Information Network (located on the CompuServe Information Service (CIS)[TM] network) and watch a new and exciting world --the world of telecommunications--open up. CIN[SM] allows you to exchange ideas, search through information, download public domain programs, and receive help from Commodore Customer Support, CIN's own SYSOP's (SYStem OPerators), and from other members online.

To access CIN you need only a computer, a modem, your telephone, and a subscription to CIS. To make it easy, Commodore includes a free one hour access to CIS in each Commodore modem package. For more information, visit your Commodore dealer or contact Commodore Customer Support at (215) 436-4200.
